

KURT WIGNESS

Kurt has been involved in the bison industry for 11 years. Kurt and his brother, Myron's ranch is located on Hwy #13 – “The Red Coat Trail” by Admiral in southwest Saskatchewan. He drove thousands of miles looking for top genetics for the foundation of his “plains” herd.

Kurt is well known in the industry and believes in strong organizations at the regional and national levels. He has been a director on the Saskatchewan Bison Association since 1999 and was elected vice-president in 2006. In 2007, he became the SBA Director for the Canadian Bison Association. “It has been an honor and privilege to serve the bison industry in these capacities and will continue to work diligently for the future of this growing industry”. Kurt is also a staunch supporter of *Smoke Signals* as it communicates what the associations are doing and what is currently happening in the industry.

He believes it is imperative for people to purchase CBA memberships to show unification for a stronger voice at the provincial and federal levels which the bison industry needs.
