

## MARGARET KELLGREN

Margaret and Arnold Kellgren purchased 12 bison heifers in 1994 and now operate a 55 cow bison ranch northwest of Drayton Valley. Arnold also works off farm in the oil industry. Margaret has been a member of the Alberta Bison Association/Bison Producers of Alberta since 1995. She was elected to the Alberta Bison Association Board in 2000 and was responsible for Alberta Bison Association clothing at IBC 2000. At the end of 2005, three bison groups in Alberta merged to form the Bison Producers of Alberta. Margaret has been a director of the new organization – the Bison Producers of Alberta - since that time. Margaret has been a CBA board member since October 23, 2005. According to Margaret “becoming a board member has been a learning experience as one has an opportunity to more closely observe how important it is to have a strong CBA to lobby nationally and internationally to protect the interest of all bison producers.”
