

2010 MYRT LENTON AWARD RECIPIENT
ROD POTTER

A journey of many years and miles of dedication to the bison industry was honoured with the presentation of the Myrt Lenton Award to Rod Potter. Mr. Potter entered the bison industry in 1988. He was and is the youngest person to become a life member of the CBA. He has made countless contributions to the development and promotion of the bison industry. Todd Dowd of the Ontario Bison Association introduced Mr. Potter at National Convention Awards Banquet and last year's recipients, Ray and Audrey Blais, proudly presented him with the award. The Blais' had worked very closely with Rod on the committee for IBC 2000. The spring issue of Smoke Signals will have the full story of his remarkable journey.
