

I was born and raised in Durban which is located in the Swan River Valley I am the 4th generations on our family farm. My wife Vickie and I started into Bison in 2004, as a hobby with 10 heifer calves. Today we run 600 cow/calf pairs along with a finishing operation, we buy from local producers. My exposure to fellow producers, marketers, mentors has led me to become more involved in our industry. I am excited and willing to be a part of a great movement in promoting our bison as a provincial and national treasure.
