

Bison du Nord

The adventure started in 1972, with a novel idea for the time: why not turn rugged Ontario farmland into a bison ranch? Today's strong and healthy herd of 250 animals is a testament to Pierre Bélanger's vision and business acumen. We're proud to say that we are among the oldest in Canada, and the largest in Eastern Canada.

From one generation to the next, we're passionate about what we do and we love to talk bison! Now working on the ranch side by side, Pierre and his son Charles make an unstoppable pair. Both are committed to the well-being of bison and share a love of nature, hard work and adventure.

Our all natural grass fed meat is available at select Ontario butcher shops and our authentic and original bison skulls are now available for purchase through our online boutique. And if you want to add to your herd or start one, look to us for quality breeding stock.
