Canadian Bison Association

Weekly Price Summary for February 17, 2017

Finished Bison Prices Remain Steady

With the Canadian dollar fluctuations, please confirm prices offered by buyers as they may change daily.

Canadian buyers are offering \$6.25/lb - \$6.40/lb HHW for Grade "A" bison bulls. Prices continue to be driven by strong US demand and exchange rates favoring the US. Carcasses that do not fall within buyers' specifications are discounted. U.S. buyers are offering up to \$4.60/lb. US for Grade "A" bison bulls with some prices higher. Returns to the producers are dependent on exchange rates, quality, export costs, and freight adjustments.

Grade "A" bison heifers in the desirable weight range are selling for up to \$6.00 - \$6.20 /lb HHW to Canadian buyers. US buyers are offering \$4.40/lb. HHW in US dollars.

***Producers should research what parameters the prices are based on. Parameters such as Canadian or US delivery, weight ranges, age etc. This will assist them in comparing prices on an even basis. ***
