Finished Bison Prices Soften

With the Canadian dollar fluctuations, please confirm prices offered by buyers as they may change daily.

With a strong supply of market ready bison, prices have softened. Canadian buyers are offering \$5.30 - \$5.60/lb. HHW for Grade "A" bison bulls. HHW Prices are being driven by US demand and exchange rates favoring the US. Carcasses that do not fall within buyers' specifications are discounted. U.S. buyers are offering up to \$4.30/lb. US HHW for Grade "A" bison bulls with heavier carcasses discounted. Returns to the producers are dependent on exchange rates, quality, and export costs.

***Producers should research what parameters the prices are based on. Parameters such as Canadian or US delivery, weight ranges, age etc. This will assist them in comparing prices on an even basis. ***
