

Canadian Bison Association to Offer Extended Children's Program at National Convention

The agenda that has been developed for the 35th *Annual Convention* offers great networking and learning opportunities for producers and their families. With this in mind, the Children's Program has been extended to cover the Sunday morning presentations. There are a number of active Canadian Bison Association members who have young children and want to make convention attendance a family event. A children's program for ages 3 – 12 years is again being offered and will allow both parents to attend more of the convention activities.

A room on the third floor at the hotel will be designated for youth activities. Meals will be provided by the hotel. Children will receive a gift bag and be entertained with age appropriate activities.
