

I grew up raising Bison with my family since 1987 south of Tisdale in the Barrier Valley! In 2014 I got the opportunity to manage and operate Riverstone Bison Ranch with my wife Conny and also still being able to be involved with my family ranch a mile away! We are now a family of 5 with our daughter Hailey and our sons Tristen and Jace!

I love handling the animals with the least stress for them possible which meant redesigning pens and handling facilities to accommodate the bison natural way of moving! We've been slowly improving our herd with carefully selected animals and working on pasture management! I'm always eager to learn and improve land and bison! And hoping to pass that on to our children!

We now added a rustic log cabin to our ranch, hoping to share the bison and ranching life with guests who don't have the opportunity for ranch life! If you're in the area please stop by and visit!
