

Thunder Ridge Bison: Brian and Michelle Arnold

Thunder Ridge Bison was started in 2016 as a family bison farm. Bison farming was a dream that began many years ago when Brian and Michelle took their children to the Royal Winter Fair. Brian was fascinated by the amazing creatures. Farming was a dream the family never thought would come true but the interest and passion for nature and animals never faded. In 2015 the perfect opportunity presented itself and Thunder Ridge Bison was born. Together with their three children; Bree, Timm and Sarah; Brian and Michelle work to provide an amazing environment for their bison to grow and thrive. The farm provides quality bison meat to Uxbridge area residents and provides an incredible opportunity to learn and grow as a family.
